MILITARY CRITICS PROFESS CON-  
FIDENCE TO MEET SITUATION  
DUE TO CHANGE OF REGIME  
AT PETROGRAD.

## FRENCH AND BRITISH ACTIVE

CONTINUE TO HAMMER HARD AT  
HINDENBURG LINE. SAVAGE  
COUNTER ASSAULTS HAVE BEEN  
REPULSED.

(International News Service.)  
Paris, March 27.—The capture  
of Concy Le Teant, south of the  
Oise river, by French troops was  
announced by the war office today.

(International News Service.)  
Petrograd, March 27.—A council of  
war has just been held on the west-  
ern front to make final preparations  
to meet the expected German drive.

Military critics express confidence  
in the ability of the Russian army to  
meet the German blow despite the  
changes in the military regime  
brought about by the provisional gov-  
ernment.

## BRITISH AND FRENCH STRIKE HARD BLOWS IN THE WEST.

(International News Service.)  
London, March 27.—While the Brit-  
ish surged towards Cambrai, French  
troops further south on the Oise river  
lines are pounding both sides of the  
German salient between La Fere and  
Concy.

Along the fighting front between St.  
Quentin and Laon the French are  
thrusting themselves against the Ger-  
man defenses in an effort not only to  
"pocket" the Tenth stronghold of St.  
Quentin, but to turn the German line  
north of the Aisne river.

The allies have had to withstand  
savage counter assaults all along the  
long line.

## Slight Damage Done By Rain In Hartselle

Passage Cleared to Allow Passenger  
Train to Pass.

Hartselle, Ala., March 27.—(Spec-  
ial.)—A severe electrical rain and  
hail storm hit Hartselle last night  
about 8:30 o'clock and continued an  
hour or more. There was a magnifi-  
cent play of lightning during the en-  
tire time, while the rain fell in tor-  
rents, sweeping sand and other de-  
bris before it. Traffic was delayed for  
some time, while trainmen cleared a  
passage for train No. 4, which passes  
here about 11 o'clock. Outside of much  
damage in the way of badly washed  
lands and streets, no other loss has  
been reported.

## Beloved Woman Passes Away At Home Here

Mrs. Margaret Atlee Hoff Died at 6  
O'clock This Morning.

Mrs. Margaret Atlee Hoff, one of  
the most beloved women of Albany,  
died at her home on Sherman street  
at 6 o'clock this morning, after an ill-  
ness of several weeks. Mrs. Hoff was  
preceded to her grave by her hus-  
band, George A. Hoff, only a few  
months. Mr. Hoff was one of the  
most prominent citizens of Albany,  
being president of the Morgan County  
National Bank. Funeral services have  
not been arranged yet.

Mrs. Hoff is survived by one son,  
Atlee Hoff, assistant cashier of the  
Morgan County National Bank.

Mrs. Hoff was the daughter of the  
noted surgeon and physician, Dr.  
Washington L. Atlee, of Philadelphia,  
but she and Mr. Hoff removed to New  
Decatur when the city was in its in-  
fancy.

She had been a member of St.  
John's Episcopal church since its or-  
ganization and took much interest in  
the work of the church, always being  
identified with the music and for years  
was president of the Guild.

Her religious work, however, was  
not limited to that of the church, for  
she took an active part in every move-  
ment looking toward the alleviation  
of human suffering. Her gracious  
hospitality and boundless charity en-  
deared her to a wide circle of friends  
by whom she will be greatly missed.

publicans Still Hope for Chairmanships  
In House.

(International News Service.)  
Washington, March 27.—War problems affecting the United States were  
brought much more closer to completion here today.  
President Wilson conferred with Senator Hitchcock, ranking majority  
leader, after Senator Stone of the senate foreign relations committee.

## Six Times More Rain This Month Than Other Years

The rainfall thus far during March  
has been about six times the usual  
March rainfall, according to the local  
government weather bureau.

During the month the rainfall has  
been 12.37 inches. During March,  
1915, the rainfall was 2.6 inches, and  
during March, 1916, it was 2.92 inches.

The rainfall during the present  
month has exceeded all previous  
known records. More than an inch  
of rain has fallen during several  
nights of last week.

## ALABAMA TOWN HIT BY CYCLONE

ALBANY, GA., ALSO VISITED, TO-  
DAY BY A YOUNG TORNADO.

(International News Service.)

Demopolis, Ala., March 27.—Chas.  
Wright is dead and several negroes  
seriously injured as the result of a  
cyclone which passed over the south-  
ern end of Hale county between Lane-  
ville and Prairieville Monday after-  
noon.

(International News Service.)  
Lumpkin, Ga., March 27.—A cyclone  
from the southwest struck Lumpkin  
this morning, doing considerable dam-  
age. Three negroes were injured.

(International News Service.)  
Albany, Ga., March 27.—A cyclone  
struck this town today, doing several  
thousand dollars' worth of damage.  
No one was injured.

## ALABAMA SOLDIERS TO REMAIN IN U. S. SERVICE

Orders Came After Small Number of Men Had  
Been Mustered Out. Welcomed Back  
To State

(International News Service.)

Montgomery, March 27.—The Alabama national guard will be held at  
the home camp at Vandiver park here and probably will be called upon to  
do guard duty within the next few days, orders having been received  
from the war department at 1 o'clock not to muster out the guard.

When orders came the signal corps and the machine gun company had  
already been mustered out, but the work was immediately stopped.

The cavalry also, it is stated, was included in the order.  
It is probable that members of the national guard will be held here  
pending the decision of congress as to whether an army will be sent to  
Europe to aid the allies. It also is believed that one regiment will be  
used to guard munition plants in Alabama.

The offices at the state house had been  
closed for the event. Thousands ap-  
plauded the ceremony.

MISSISSIPPI TROOPS GONE  
WHEN THE ORDERS CAME.

(International News Service.)  
Jackson, Miss., March 27.—Orders  
to discontinue the demobilization of  
Mississippi troops were received here  
today, but were too late, as all of the  
troops had been mustered out and  
most of them had left for their homes.

## REAR ADMIRAL BRAISTED

## Naval Department's Appeal For Recruits Meets Ready Response

(International News Service.)

Washington, March 27.—All over the  
country today the naval department  
received word of highly stimulated  
recruiting work. There has been a  
veritable rush to colors through-  
out the entire nation and nearly all  
recruiting stations report that they  
have been swamped with applicants.

Officials believe that men needed  
will be obtained in a very short time.

## Ask Berlin Whether Americans On Moewe

(International News Service.)

Washington, March 27.—Germany  
has been asked by the state depart-  
ment whether any Americans were  
among the prisoners taken to its home  
port by the raider Moewe, just re-  
turned from her second dash through  
the Atlantic, it was announced today.

An unofficial cable from abroad has  
said that there are more than fifty  
of such captives, and accordingly, the  
Swiss minister, Dr. Paul Ritter, has  
been asked to inquire.

## Georgia Regiment Passes Through

Stafford Beauchamp Among the Of-  
ficers on Board.

The Fifth Georgia regiment, en-  
route from the border to its home  
state, passed through the Twin Cities  
last night. The regiment was travel-  
ing on a regular troop train, with  
Pullman accommodations for the offi-  
cers.

Among the officers on board was  
Capt. Stafford Dupont Beauchamp, a  
nephew of Manager T. L. Beauchamp  
of the local operations of the Alaba-  
ma Power Company. He was met at  
the station by relatives.

## Pippin Drug Store In Courtland Is Robbed

Second Time Establishment Entered  
In Past Three Months.

For the second time within the past  
three months, the Pippin Drug Com-  
pany's store in Courtland was entered  
by robbers last night, according to a  
report made to officials here today. De-  
tails of the robbery were not known  
here, but it is said no clue was left.

The burglars obtained an entrance  
to the establishment by breaking the  
large plate glass window in front  
part of the building.

TRAFFIC VIOLATORS DISMISSED.

Charged with violations of the traf-  
fic laws of Albany, several persons  
were tried before Mayor Payne this  
morning. The charge against one,  
that of driving to the left around one  
of the street semaphores, was dis-  
missing, the defendant pleading he  
thought the post with the red flag on  
top was a street car signal board.

## GERMANY WILL TRY AVOID DECLARATION WAR AGAINST U. S.

William Bayard Hale Claims To Have Authority  
To Outline New Dodge By Berlin

## CONGRESS WILL GO RIGHT AHEAD

Acts Count Before Words, And Sinking Of Ves-  
sels Has Already Made Continuation  
Relations Impossible

(International News Service.)  
(BY WILLIAM BAYARD HALE.)

Washington, March 27.—"If congress declares that a state of war is  
existing between the United States and Germany, Germany will take the  
position that she is not aware of the fact. She will continue to act on the  
assumption that her attitude toward the United States is practically the  
same as she takes towards all neutrals, none of whom dreams of assert-  
ing that a state of war exists. Rumors of proposed mediation between  
the United States and Germany from some unnamed neutral come from  
London, but nothing of this is known here. Germany would not consider  
alteration of her U-boat policy. On the other hand Germany will not de-  
clare war.

"I report the above as an explicit statement made to me by high offi-  
cials whom I am not permitted to name."

## GERMANY'S EVASION WILL NOT CHANGE U. S. PLANS.

Washington, March 27.—Germany's  
policy of evasion will be met with one  
of straight forwardness by the United  
States.

High officials today made this plain  
in discussing the remarkable plan  
outlined to William Bayard Hale by  
Berlin officialdom, in which it is de-  
clared that "even though congress  
shall announce that a state of war  
exists, Germany will take the position  
that she is not aware of that fact."

Such a suggestion, it is declared  
here, simply is continuation of the  
German policy of covert insults and  
manipulation of every possible agency  
to embarrass the United States.

Congressional leaders who will  
frame the policy of the United States,  
when President Wilson has laid the  
entire situation before them, were a  
unit today in declaring that Germany  
will be left in no doubt as to the  
position of the United States. The  
foreign affairs committees of both  
houses have already declared that the  
resolution to be reached by them will  
set forth in plain and unmistakable  
language that the United States has  
striven at all times to maintain peace  
at great sacrifices, but that Germany  
has violated its honor and its inter-  
ests in such a manner that no nation  
could further submit.

Additional declaration made by Mr.  
Hale that "Germany will not consid-  
er any change in her submarine pol-  
icy, but that Germany will not de-  
clare war," likewise meets with no  
responsive echo here.

No declaration of war is necessary,  
officials say. International law takes  
cognizance of fact before words can  
be considered, and the action of Ger-  
many following the withdrawal of her  
solemn pledges that she would con-  
duct cruiser warfare with her sub-  
marines have constituted the carrying  
on of open hostilities in the opinion  
of nearly every official in Washington.

Today's cabinet meeting was ex-  
pected further to consider the plan  
for co-ordination and unity of action  
between all government departments.  
In addition, the general plan of fi-  
nance was expected to be discussed.

The army and navy reports made to  
the cabinet were said to show that  
the speeding up process now is well  
under way and that excellent results  
are being obtained.

During the last 24 hours there has  
been commenced a strong agitation  
in certain quarters to have congress  
declare war on Germany instead of  
having congress declare that a state  
of war exists.

## Railroad Presidents Discuss Rate Raise

(International News Service.)

Washington, March 27.—A score of  
the most influential railroad presi-  
dents of the west met here today in  
conference with the interstate com-  
merce commission to discuss the gen-  
eral freight increases which they are  
demanding.

While the amount of the increase  
has not been formally stated it is un-  
derstood that it will be between ten  
and fifteen per cent.

## ALBANY COUNCIL URGES CITIZENS TO DISPLAY AMERICAN FLAGS ON HOMES

RESOLUTION BREATHING PATRIOT-  
ISM IS SPEEDILY ADOPTED AT  
SUGGESTION OF MAYOR E. C.  
PAYNE.

## SUNDAY AMUSEMENTS BANNED

ORDINANCE TO COMPEL CHICKEN  
OWNERS TO KEEP FOWLS UP  
MEETS SOME OPPOSITION. GOES  
TO COMMITTEE.

The board of aldermen of the city  
of Albany is one body that is not di-  
vided on the question of American-  
ism first.

The board last night unanimously  
adopted a resolution urging and re-  
questing all citizens of Albany to  
display in a prominent place on their  
homes or stores an American flag as  
a reminder to the world that America  
stands united and ready to avenge all  
insults and aggressions against the  
star spangled banner.

The resolution was introduced by  
Mayor E. C. Payne and was adopted  
after a short patriotic talk by the  
mayor who takes his Americanism  
straight, without pacifism, grape juice  
or pro-German soothing syrup.

The resolution reads as follows:

Be it resolved by the city coun-  
cil of the city of Albany, Ala.,  
that each and every person keep-  
ing or maintaining a house or  
store in the city of Albany be, and  
they are, requested to keep dis-  
played in some prominent place  
on said home or store, an Ameri-  
can flag.

The resolution was enthusiastically  
adopted.

## Sunday Bowling Forbidden.

The council also passed without de-  
bate an ordinance making it unlaw-  
ful for any bowling alley, ten pin alley  
or similar place of amusement to keep  
open either on Sunday or after mid-  
night on any week night. The penalty  
was fixed at a fine of not more than  
\$100. The ordinance was introduced  
by Alderman Redding. It was re-  
ferred at once to the police committee  
which reported favorably on it. The  
measure then went through on final  
reading by unanimous consent.

## Chicken Law Has Opposition.

Alderman Buck introduced before  
the council an ordinance aimed at  
stray chickens which devastate gar-  
dens and flower plots, but some op-  
position to its enactment developed  
in the street committee to which the  
bill was referred. The measure was  
allowed then to lay over until the  
next meeting night. The bill would  
make it unlawful for any person to  
permit chickens, ducks, guineas, geese  
or turkeys to run at large, the penalty  
being not more than \$100.

## New Sanitary Wagon Debated.

The council debated the purchase of  
a new sanitary wagon for the city,  
but no decision on this matter was  
reached. Alderman Wolfe moved that  
the city purchase the wagon to re-  
place the worn out wagon now used,  
but the matter went over for future  
consideration.

The council also discussed the  
question of improving the walk over  
Dry creek, west of the Louisville &  
Nashville railroad and allowing trans-  
ient piano tuners employed by local  
firms to ply their trade here without  
license.

The meeting last night was the last  
gathering the council will hold on  
Monday night, the time of meeting  
having been changed to the first and  
third Tuesday nights in each month  
beginning in April.

## Alleged Speeders Are Being Fined In Court

Officers of both Albany and Decatur  
are making active efforts to enforce  
the traffic-law against speeding, the  
records in the police courts for the  
past week indicated. In the last few  
days a large number of defendants  
have been arraigned before Mayor Nel-  
son and Mayor Payne on charges of  
driving their machines too rapidly on  
the municipal thoroughfares and sev-  
eral have been fined.

## BIRMINGHAM UNIONISTS FAIL TO APPRECIATE A PRIVILEGE.

Labor circles in Birmingham are agitated by a discussion relative to the part which labor should take in the forthcoming war, following the adoption of a resolution Sunday by the Federation of Labor there that favors of the socialistic if not of the unpatriotic. Regarding the wording of this resolution, the Birmingham News says:

The resolution sets forth the fact that the United States is virtually at war with Germany, and that the cause of this state of affairs is the fact that Germany is destroying vessels carrying supplies of all sorts from the United States to the allies, thereby causing enormous losses to the speculators and manufacturers, and menacing their future profits. It is further stated that federal reports show two per cent of the total population of the United States own sixty per cent of the total wealth of the country, and that thirty-three per cent of the population own 35 per cent of the total wealth, while the remaining 65 per cent, comprising the working classes own only five per cent. It is also set forth that the war is over property, and that it is up to the property owners to do "the fighting and dying for their country."

The resolutions therefore pledge their unflinching devotion and loyalty to the president, recommend that all union bodies and workers in general urge our president to enlist or draft from the owning 2 per cent of the population, sufficient of the sons, husbands and fathers to defend their country, and that when this man power is exhausted to proceed with the enlisting or drafting from the 33 per cent of the population which owns 35 per cent of the wealth, and that when this power is exhausted, and the war continues, the unions and workers voluntarily prepare to fight and dies for their homes and liberty.

It is needless to state in the outset that the resolution does not represent the views of labor generally, certainly not of union labor, which should have been the last of all to sneer at a form of government under which organized men, taking advantage of the weapons that have been used to some extent by the trusts, have made their hours of labor light and their compensation correspondingly large. It is apparent that socialistic influences control the politics of the Birmingham Federation, and that a

## WOMEN NEED NOT WORRY OR SUFFER

**Feminine Ailments Once Considered Serious Now Easily Conquered and Speedily Ended**

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription prepared with glycerine from nature's roots and herbs, with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pains, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Its ingredients are not secret for they are printed on wrapper.  
 What Dr. Pierce's Favorite Prescription has done for thousands it will do for you. Get it this very day from any medicine dealer in either liquid or tablet form. In the meantime address Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and ask for confidential advice from a Physician Specialist, absolutely free. 136-page book on women's diseases sent free—Adv.

Doctor Pierce's Pellets are unequalled as a Liver Pill. Smallest, easiest to take. One tiny, Sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach and bowels. 25 cents a vial, by druggists.

Few leaders are usurping the right to voice the opinions of thousands.

The resolutions are in reality used not so much to outline labor's position as to a just and righteous war, as they are to take a back-handed slap at capital, against which some of the envious and discontented have an eternal grievance. The resolutions are based on an extremely democratic and entirely erroneous assumption that men are in fact "created equal," not only as to the rights and privileges which they enjoy, but as to mental and physical prowess, moral stamina and industrial thrift. They are in fact an indictment of the entire plan of creation, a plan worked out by a Higher Intelligence and one which from the beginning failed to stamp uniformity upon the brow of the race, but left it to mortals to work out their own destiny.

From the practical standpoint the resolution was decidedly impracticable. Should the owners of the much touted "two per cent" of wealth be sent to the front and destroyed by the guns of a hostile enemy, it is hard to fathom how the nation or labor could profit by their extermination. Industries of gigantic scope—those in which union men now find employment—would be left idle. The goose that laid the golden egg would be as dead as Hector. These same men who now clamor for plutocratic substitutes at the front would then be begging bread, unless they hoped to seize by force that which is the property of others; they could do now, did they care to follow the practical leading of Germany, a nation alone that claims a universal right to destroy and kill. If wealth is to be commandeered, why destroy its holders? Is this either humanitarian or right?

But it is another phase of the matter that the Daily especially resents. And that is the failure to recognize the right and the privilege of the humblest man, the poorest paid laborer, to fight for his country and furnish exactly as much man power as does the millionaire of Wall street. Surrender this right, allow only the rich to battle for the country's honor, and the laboring man becomes a serf, with no right to a voice in a government of his own. Such an attitude stifles labor; it places it in the attitude of a cringing supplicant, a mendicant who begs for crumbs from a rich man's table. Nature did not give to all men equal gifts of accumulation, nor did it give to all identical temperaments. Stout hearts, however, was the legacy that was denied none. Manhood—the kind of manhood that makes a nation as well as an individual respected—is the heritage of the humblest as well as the proudest citizen of this great republic.

If our system of government is wrong, the "sixty-five per cent" must take the responsibility, for the most expert mathematician cannot figure it in the majority. If our commerce is to be protected at the cost of strife, the sixty-five per cent must be the real beneficiaries, for they own more mouths to feed than do the "thirty-three per cent," and the "two per cent" combined.

Why listen, though, to the walls of the discredited; to those who would in an hour of national peril give vent to unfounded complaints that they alone can remedy. This is the hour when labor and capital, poverty and wealth, should stand shoulder to shoulder for the preservation of ideals and principles for which our forefathers fought. Always there should stand out the supreme thought—that in America, more than in any other nation of the world, it is manhood that really counts.

## THE ALBANY COUNCIL ACTS.

The Daily's editorial campaign to produce a greater show of Americanism to drown out the blatant but few voices of the pro-German, anti-American and disturbing elements has drawn first fruit.

## FAMILY AVOIDS SERIOUS SICKNESS

**By Being Constantly Supplied With Theodor's Black-Draught.**

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, "of this place, with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theodor's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Theodor's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

The city council of Albany last night unanimously adopted a resolution asking all citizens to display in some prominent place at their homes or stores an American flag to show to the world that the United States is behind the president to the last dollar and the last man. The resolution was eminently fitting and the Daily congratulates the council.

Other bodies in the Twin Cities should follow this up. The Albany Board of Commerce should adopt a resolution pledging the support of every business and industry in the Twin Cities to the country. The city council of Decatur should reaffirm the faith and allegiance of its citizenship to the president.

Every man who cherishes his patriotism and his country's honor as a thing "dearer to him than breathing and dearer than hands and feet" is behind the president in this offensive warfare waged on us by the imperial murderer in Berlin. Every man who glorifies in the deeds of his forefathers at King's Mountain, New Orleans, Yorktown and Valley Forge is heart and soul behind the president in his purpose to wipe off by aggressive action the bloody blot of American blood on the national escutcheon.

Of the pacifists and pro-Germans, the least said the better. Heaven pity the man who deserts his country in its darkest hour!

## WILL HISTORY REPEAT ITSELF?

John Clarke Redpath's history of the United States, on page 642, in accounting for the action of several different states on the matter of staying in the union or joining the new Confederacy says: "In Missouri, as will presently be seen, the movement resulted in civil war." Was it to anticipate the bare possibility of a similar state of affairs at this time in Missouri that District Attorney Oliver took the action recorded in a Saturday's press dispatch in the Memphis Commercial Appeal, which says:

St. Louis, Mo., Mar. 23.—Germans in St. Louis will be placed in detention camps in case of war with Germany, according to a statement made today by United States District Attorney Oliver, in charge of the department of justice arrangements in this territory. This is the first definite official announcement in the country of intention to intern Germans in case of war.

Oliver said that in the event of any demonstration in this city the leaders would be immediately arrested.

"We have the names of a great many Germans who are showing too much German sentiment," he declared. "All those known to have pro-German sentiment will be placed in jail in case of a demonstration, while others who are known to be in sympathy with the leaders whom we are watching will be placed in detention camps in case of war with Germany."

Agents of the department of justice, in addition to the large number employed in guarding plants and bridges here, have been used for the past 10 days to watch certain Germans. The officials will not permit any names to be made public. Fear of being interned in case of war has caused many German-Americans of this district to flee to Mexico, more than 2,000 having left since the break in relations.

Redpath's history further says of conditions in Missouri at the time of the civil war's opening: "That commonwealth (Missouri), though slaveholding, still retained a place in the union. A convention called by Governor Jackson, in accordance with an act of the legislature, had in the previous March refused to pass an ordinance of secession. The disunionists, however, were numerous and powerful; the governor favored their cause and the state became a battlefield for the contending parties."

Will history repeat itself? It will be remembered that "Gumshoe" Senator Stone, of unhappy memory, got into the senate from Missouri.

## INTERMENT OF ALIENS.

Secretary of War Baker, when asked by newspaper men if the war department had planned to intern alien citizens in the event of a declaration of war against Germany, is quoted as saying: "There is no such plan in contemplation. All resident aliens who are obedient to our laws will be perfectly safe from interference."

This is good Americanism. The horrors of internment camps are out of place in this republic where the alien is always welcomed, and where he is protected so long as he obeys the laws of the land. Those who allow themselves to become active in the cause of the enemy will not expect such leniency, nor will they get it. There number will be few, perhaps not more than one hundred thousand. There will be no detaining of consuls, in time of peace, as Germany has done, nor will there be any attempt made to punish aliens for their hard luck in being born on foreign soil. Justice and right alone will rule.

## To Intern Germans If Prussian Treaty Is Repudiated

(International News Service.) Washington, March 27.—Secretary of State Lansing's statement that Germany has disregarded the terms of the Prussian treaty with the United States, is expected to pave the way for the internment in this country in case of war of all Germans who are inimical to the nation's welfare. Senate leaders today predicted that the senate will quickly declare the Prussian treaty as not binding. In view of the secretary's statement. When the senate takes this action the way will be open to intern any Germans the government may want guarded.

## Food For The Liver

Did you ever think of medicine as really food, the same as meat or potatoes? Yet that is what it really is. Sodium Bicarbonate sounds rather threatening as a medicine, yet all housewives use baking soda for cooking every day.

Every organ in the body has the power to take that nourishment which makes it grow and remain healthy. Medicine is simply food containing elements that certain organs show an intense liking for. Thus there are certain herbs, fruits and plants that the liver shows a fondness for. They stimulate the liver the same as food stimulates and strengthens the whole body. These we call liver tonics or liver medicine.

By investigation it has been found that several of these vegetable products, combined with pepsin, form an admirable liver tonic, and they have accordingly been put up in pleasing, tasty form and sold as 333 Liver Tonic. They are mild in action and are not habit forming.

Dillehay Brothers and other good drug stores sell 333 Liver Tonic. You will find it just what you need for constipation or sluggish liver. Every 50-cent package is guaranteed to satisfy or money refunded. (Adv.)

## TWELFTH NATAL DAY.

Mrs. Isaac M. Eubanks entertained quite charmingly Saturday afternoon from 3 to 6 o'clock at her home on Fourth avenue, south, in honor of the twelfth birthday anniversary of her son, Jas. Walter Eubanks. Games, contests, etc., familiar to childhood, were enjoyed by about 30 boys and girls, until the dining room was opened, revealing a scene of beauty in pink and green, carried in potted plants, ferns and spring flowers. The pretty table, covered with snowy linen, was centered by a huge white cake with 12 burning candles. Here ices and cakes in the chosen colors were served by Misses Mable Hartung and Mable Eubanks. Later a fruit course was served.

## KING-ADAMS.

The marriage of Miss Allene Adams of Albany to Lieutenant Frank Ragin King of the United States navy, was solemnized this afternoon at 3 o'clock at the home of John G. Robinson, auditor of the Southern railway, at the Congressional apartments, Washington, D. C.

Immediately after the ceremony, Mr. and Mrs. King left for New York, where Lieutenant King will be stationed on a receiving ship at the Brooklyn navy yards until his sailing orders are received. Lieutenant King is assigned to the battleship Wyoming, one of the American dreadnaughts which will see active service in case of hostilities with Germany.

Mrs. King is the charming young daughter of Mr. and Mrs. David C. Adams, of Albany. She left here Sunday for Washington to marry Lieut. King, thus culminating a romantic courtship. In the event of war Lieut. King will be in the active naval service. Mrs. King is a social favorite here.

Mrs. Emma Sparkman is reported as rapidly convalescing at St. Vincent's hospital at Birmingham.

Mrs. H. A. Skeggs will leave Wednesday to visit her brother, Mr. R. L. Burkett, in Missouri. She will be followed in April by her daughter, Miss Mary Lee, and together they will spend the summer in the west.

Mrs. A. S. Graham, of Huntsville, is the guest of her sister, Mrs. D. C. Adams.

Mrs. J. McAdory was the guest last evening of Mrs. E. N. Penick, en route from Auburn to Pulaski.

Miss Margaret Penick is suffering a severe attack of gripe.

Miss Ruth Hartung has returned from a visit to friends at Birmingham.

Mrs. F. L. Lambert and daughter, Miss Gladys, are visiting relatives in Florence.

Master Thos. Redding is suffering an attack of measles at the home of his parents, Mr. and Mrs. Geo. D. Redding on Third avenue, west.

The infant son of Mr. and Mrs. H. Nebrig, of Prospect Drive, is improving.

## BIRTH.

Born, to Mr. and Mrs. Adcock at their home on Gordon Drive, a girl, Saturday.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## A "Homey" Home For a Large Family

A Home—where every inch of space is utilized. The spacious sun room to the left with its eleven windows is an ideal family room, breezy and cool in the summer, a bright sunny room in winter. The concrete terrace porch in front is the latest creation for those desiring something novel to break the severe lines of the front elevation.

Large cased opening connects sun room with living room, making virtually one large room across the entire front. Bookcases occupy space on each side of the broad handsome mantel. Stairs are well lighted by window at turn.

The kitchen is arranged to make cooking a delight, has a place for everything—drain-board, cupboard with drawers, flanked by a wall cupboard to ceiling. Upstairs are three bed rooms, each with a closet, screened sleeping porch on the breezy side.

For an economical exterior this home cannot be surpassed.

## "Home Building Easily Financed"

In years gone by it was a difficult task to finance the building of a new home; in fact, a person of moderate means was forced to have all cash to pay for its construction. But today the prospective home builder finds a number of sources from which to finance his home.

In Albany-Decatur the lumber dealers, the banks, the trust companies and representatives of insurance companies and loan companies are ready and anxious to make loans on new modern homes. Of course it must be taken into consideration that the prospective home builder must have some cash, or a lot on which a substantial payment has been made.

The best risks as recognized by leading financial companies are modern attractive homes. Many loan companies require the applicant to submit full plans and specifications, while others require the following of set standards for construction. This may seem unreasonable and arbitrary, but in the long run the home builder benefits by using plans and specifications or following the prescribed standards, he has both the advice and backing of the lenders, the home will be built right, and in most cases will attract the attention of others. This leads the writer to recall an instance happening recently in another city. A home builder after investigating, planning and working for a new home finally built. It was his home and not for sale, but he did sell, at a profit. He built another using a different plan, and sold it. He has made more money by selling his homes than by his regular occupation.

There are a number of avenues of finance available right here in Albany-Decatur for you to use in building your home. The point to remember is: Make it modern and attractive.

The Albany-Decatur Daily will help by illustrating from week to week the latest ideas in home building and inform you where you may get the plans.
